(vi) Institutional set-up for liquidity risk management

We have an asset liability management committee (ALCO) that is formed in accordance with the Directions issued by the Reserve Bank of India. Our Asset Liability Committee takes into account interest rate forecasts and spreads, the internal cost of funds, operating results, projected funding needs, projected loan disbursements, liquidity position, loan loss reserves to outstanding loans, funding strategies. This committee reviews the fund position, asset liability maturity profile, variance between forecast and actuals of the concluded quarter, analysis of sensitivity of interest rates variation in various buckets, what if scenario analysis, etc. The Company maintains a positive cumulative mismatch in all buckets.

Notes:

1. Significant counterparty: A "Significant counterparty" is defined as a single counterparty or group of connected or affiliated counterparties accounting in aggregate for more than 1% of the NBFC's total liabilities.

2. Significant instrument/product: A "Significant instrument/product" is defined as a single instrument/product of group of similar instruments/products which in aggregate amount to more than 1% of the NBFC's total liabilities.

3. Total liabilities: Total liabilities include all external liabilities (other than equity)
