Macro-Economic Environment

Indian Economy showed signs of accelerated growth during the second half of the year with inflation under check aided by lower commodity prices globally.

Improved viability of operators due to lower fuel costs in enhanced customer confidence/ sentiment to replace ageing fleet was evident in the current year. Sentiment, in overall terms is of cautious optimism since the growth was not due to improved freight. However, in segments like container transportation, tanker, bulk transportation segment and enhanced mining activities in some states cumulatively increased the demand for vehicles in the current year. Normal monsoon, successful auctioning of coal mines, moderate inflation and

resumption of infrastructure investments should result in automobile sector witnessing growth in double digits in the coming year and it augurs well for your Company.

Details of significant and material orders passed by regulators

During the year 2014-15, no significant and material orders were passed by the regulators or courts or tribunals impacting the going concern status and Company's operations in future.

Commercial Vehicles & Two wheelers

The commercial vehicle (CV) segment continued on the recovery path, reporting only a marginal decline of 3% YOY on a high base of the corresponding period of the previous year (as against 9% decline in FY 2015). The MHCV segment (forming about 37% of CV volumes) continued with the strong double-digit growth trend (22% YOY growth). This is on back of improvement in fleet operator sentiments due to better freight availability, government policy actions on infrastructure, firm freight rates, and reduction in diesel prices. The LCV segment declined by 17% YOY mainly on account of sluggish growth in the rural sector as well as abundance of vehicles emanating from the earlier push by OEMs & resulting in over supply in the market place and declining freight availability as well as freight rates.

Two-wheeler (2W) and Tractor sales continued to be impacted by the slowdown in rural economy which is due to crop damage due to unseasonal rains over the last two months. Further, lower mandi prices have also impacted income. 2W sales declined by 2% YOY, marking the second consecutive year of decline, while tractor sales dipped by 31% YOY.

Outlook for the year

Despite uncertainties in global scenario, Indian economy is poised to accelerate. Growth is expected given the political stability, positive policy measures, low commodity prices and improved

DIRECTORS' REPORT

business confidence. Governments initiative to strengthen manufacturing sector and low crude oil prices will enhance customer confidence and their viability augurs well for your Company.

REMUNERATION POLICY

1. Objective

The objective of Hinduja Leyland Finance Limited's Remuneration Policy is to attract, motivate and retain qualified and expert individuals that the Company needs in order to achieve its strategic and operational objectives, whilst acknowledging the societal context around remuneration and recognizing the interests of the stakeholders of the Company.

2. The Nomination & Remuneration Committee

The Nomination & Remuneration Committee ("Committee") is responsible for formulating and making the necessary amendments to the Remuneration Policy for the Directors, Key Managerial Personnel (KMP) and Senior Executives of the Company from time to time.

3. Remuneration for Non-Executive Directors

Non-Executive Directors ("NED") are remunerated by way of Sitting Fee for each meeting of the Board/ Committees of the Board attended by them and at an appropriate time in the evolution of the Company, an annual commission on the profits of the Company. Commission to respective NED will be determined on the basis of an objective criteria discussed and agreed upon by the Committee Members unanimously. NED's are reimbursed of any out of pocket expenses incurred by them for the purpose of the Company.

4. Remuneration for Executive Directors, Key Managerial Personnel (KMP) and Senior Executives

The following elements are taken into consideration for determining the Remuneration of Executive Directors, KMP and Senior Executives:

- The remuneration policy reflects a balance amongst the interests of the Company's main stakeholders, as well as a balance between the Company's short-term and long-term strategy. As a result, the structure of the remuneration package for the Directors, KMP and Senior Executives is designed to balance short-term operational performance with the medium and long-term objective of creating sustainable value within the Company, while taking into account the interests of its stakeholders. The Company strives for a high performance in the field of sustainability and aims to maintain a good balance between economic gain, respect for people and concern for the environment.
- To ensure that highly skilled and qualified KMP/Senior Executives can be attracted and retained, the Company aims for a total remuneration level that is comparable to levels provided by other companies that are similar to the Company in terms of size and complexity.
- In designing and setting the levels of remuneration for the Directors, KMP and Senior Executives, the Committee also takes into account the relevant statutory provisions and provisions of corporate governance regulations, societal and market trends and the interests of stakeholders.
- The Company's policy is to offer the Directors, KMP and Senior Executives a total compensation comparable to the peer group.

Total Compensation (TC)

The total compensation of the Managing Director, Key Managerial Personnel (KMP) and Senior Executives consists of the following components:

1. Base salary
2. Variable income –
 - Annual Performance Pay (APP)
 - Performance-related Long-Term Incentive Plan (LTIP) and / or ESOPs

Base salary

On joining the Company, the Managing Director, KMP and Senior Executives receive a base salary comparable to the peer group. Every year, base salary levels are reviewed by the Committee.

Variable income

The variable income part of remuneration consists of APP and LTIP/ ESOPs. The distribution between APP and LTIP for (on target) performance aims to achieve a proper balance between short-term result and long-term value creation. The parameters relating to the various elements of the variable income part of the remuneration are established and where necessary adjusted by and at the discretion of the Committee, taking into account the general rules and principles of the remuneration policy itself.

The targets are determined each year by the Committee in consultation with the respective Director / KMP / Executive, based on historical performance, the operational and strategic outlook of the Company in the short term and expectations of the Company's management and stakeholders, among other things. The targets contribute to the realization of the objective of long-term value creation.

It is one of the long term objectives to reach the proportion of variable compensation upto 50% of the total compensation.

5. Remuneration for other Employees.

Remuneration of middle and lower level employees of the Company consists entirely of fixed pay which is reviewed on an annual basis. Increase in the remuneration of employees is effected based on an annual review taking into account performance of the employee as well as the performance of the Company.

6. Employee Stock Options

Senior Executives are rewarded with stock options in order to encourage harmonious efforts to improve enterprise value. The quantum of stock options is determined by the Board on the recommendations of the Committee, taking into account the potential of the Executive and his / her criticality to the Company's growth and performance.

7. Alignment of Remunerations

The Committee strives to achieve that the remunerations of the Directors, Senior Executives, Middle and lower level employees of Hinduja Leyland Finance Limited are aligned to each other.

8. Term of Appointment

Term of Managing Director is generally for a period of 2 years and renewed for similar periods from time to time. The term of the other employees is generally upto the age of superannuation. However, Company also employs contractual employees as 'consultants' for shorter periods on need basis.

9. Post Retirement Benefits

Report on the financial statements

We have audited the accompanying financial statements of Hinduja Leyland Finance Limited (the "Company"), which comprise the balance sheet as at March 31, 2015, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit

report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence, about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion, and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the balance sheet, of the state of affairs of the Company as at March 31, 2015;
- (b) in the case of the statement of profit and loss, of the profit for the year ended on that date; and
- (c) in the case of the cash flow statement, of the cash flows for the year ended on that date.

Report on other legal and regulatory requirements

As required by the Companies (Auditor's Report) Order, 2015 ("the Order"), as amended, issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we enclose in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the said Order.

Further to our comments in the annexure referred to above, and as required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit;
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of the books of account;
- (c) The balance sheet, statement of profit and loss, and cash flow statement dealt with by this report are in agreement with the books of account;
- (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules 2014;
- (e) On the basis of written representations received from the Directors as at March 31, 2015, and taken on record by the Board of Directors, we report that none of the Directors

is disqualified as at March 31, 2015, from being appointed as a Director in terms of sub-section (2) of section 164 of the Companies Act, 2013.

- (f) With respect to other matters to be included in the Auditor's report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- (i) The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 29 to the financial statements.

- (ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts - Refer Note 22 to the financial statements

1. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
(b) The Company has a regular programme of physical verification of its fixed assets, by which all fixed assets are verified over a period of two years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this program some of the fixed assets were verified during the year and no material discrepancies were noticed on such verification.
2. The Company is a non banking financial company and primarily engaged in lending activities; accordingly it does not hold any physical inventories. Thus, paragraph 3(ii) of the order is not applicable.
3. The Company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under Section 189 of the Companies Act, 2013.
4. In our opinion and according to the information and explanations given to us, and having regard to the explanation that purchase of certain fixed assets are for the specialised requirements and suitable alternative sources are not available to obtain comparable quotations, there is an adequate internal control system commensurate with the size of the Company and the nature of its business with regard to purchase of fixed assets and sale of services. In our opinion and according to the information and explanations given to us, we have not observed any major weakness in the internal control system during the course of audit. The activities of the Company do not involve purchase of inventory and sale of goods.
5. The Company has not accepted any deposits from the public.
6. The Central Government has not prescribed the maintenance of cost records under section 148 of the Companies Act, 2013 for any of the services rendered by the Company. Accordingly paragraph 3(vi) of the order is not applicable.
7. (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including Provident fund, Employees' state insurance, Income-tax, Sales tax, Wealth tax, Service tax, duty of customs, duty of excise value added tax, cess and other material statutory dues have been generally regularly deposited during the year by the Company with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident fund, Employees' state insurance, Income tax, Sales tax, Wealth tax, Service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues were in arrears as at March 31, 2015 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, there are no dues in respect of Income tax or Sales tax or Wealth tax or Service tax or duty of customs or duty of excise or value added tax or cess that have not been deposited with the appropriate authorities on account of any disputes except in the following case.

Company overview

Hinduja Leyland Finance Limited (the Company), incorporated and headquartered in Chennai, India is a non-banking finance company engaged in providing asset finance. The Company is a systemically important non deposit taking Non-Banking Finance Company (ND-NBFC) as defined under Section 45-IA of the Reserve Bank of India Act, 1934.

1 Significant accounting policies

1.1 Basis of preparation

The financial statements have been prepared and presented under the historical cost convention and accrual basis of accounting, unless otherwise stated, and in accordance with the generally accepted accounting principles in India ("Indian GAAP") and conform to the statutory requirements, circulars and guidelines issued by the RBI from time to time to the extent they have an impact on the financial statements and current practices prevailing in India. The financial statements have been prepared to comply in all material respects with the Accounting Standards ("AS") notified under Section 133 of the Companies Act 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 to the extent applicable.

The financial statements are presented in Indian rupees rounded off to the nearest lakh upto two decimal places.

All assets and liabilities have been classified into current and non-current as per Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of the services and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

1.2 Use of estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles ('GAAP') requires the management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities (including contingent liabilities) as on the date of the financial statements and the reported income and expenses during the reporting period. Actual results could differ from these estimates. Any revision to accounting estimates is recognized prospectively in current and future periods.

1.3 Loan to customers

Loan to customers include assets given on finance / loan and amounts paid for acquiring financial assets from other Banks / NBFCs.

Loan to customers represents amounts receivable under finance / loan agreements and are valued at net investment amount including installments due and is net of amounts securitised / assigned and includes advances under such agreements.

1.4 Revenue recognition

- a) Interest / finance income from Loan to Customers included in revenue from operations represents interest income arrived at based on internal rate of return method. Interest income is recognised as it accrues on a time proportion basis taking into account the amount outstanding and the rate

applicable, except in the case of non-performing assets (NPA) where it is recognised upon realisation.

b) Income on securitisation / assignment

In respect of transfer of financial assets by way of securitisation or bilateral assignments, the said assets are de-recognized upon contractual transfer thereof, and transfer of substantial risks and rewards to the purchaser. The gain arising on transfer of financial assets by way of securitisation or bilateral assignments, if received in cash, is amortised over the tenure of the related financial assets, and if received by way of excess interest spread, is recognised based on the contractual accrual of the same. Loss on sale, if any, is charged to statement of profit and loss immediately at the time the sale is effected.

c) Upfront / processing fee pertaining to loan origination is amortised over the tenure of the loan.

d) Interest on fixed deposits, pass-through securities and debentures is recognised on an accrual basis.

1.5 Provisioning for non-performing assets and doubtful debts

NPA including loans and advances and receivables are identified as bad / doubtful based on the duration of the delinquency. NPA provisions are made based on the management's assessment of the degree of impairment and the level of provisioning meets the Non-Banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2015, as amended by Reserve Bank of India from time to time. These provisioning norms are considered the minimum and additional provision is made based on perceived credit risk where necessary.

1.6 Provisions for standard assets

Provisions for standard assets are made as per the RBI notification DNBS.PD.CC.No.207/3.02.002/2010-11 dated 17 January 2011. Such provision is disclosed as "contingency provision on standard assets" under the financial statement caption "long term provisions".

1.7 Fixed assets, intangible assets and capital work-in-progress

Fixed assets are carried at cost less accumulated depreciation. The cost of fixed assets includes non-refundable taxes, duties, freight and other incidental expenses incurred in relation to the acquisition and installation of the respective assets.

Advances paid towards the acquisition of fixed assets outstanding at each balance sheet date are disclosed as long-term loans and advances. The cost of fixed assets not ready for their intended use at each balance sheet date is disclosed as capital work-in-progress.

Intangible assets are recorded at the consideration paid for acquisition / development and licensing less accumulated amortisation.

1.8 Depreciation and amortisation

Depreciation on fixed assets is provided using the straight line method over the estimated useful life of each asset as determined by the management. The useful life estimates prescribed in Part C of Schedule II to the Companies Act, 2013 are generally adhered to, except in respect of asset classes where, based on technical evaluation, a different estimate of useful life is considered suitable.

Pursuant to this policy, the useful life of the asset is estimated at :

Assets Description	Useful life
Building	20 years
Furniture & Fittings	8 years
Vehicles	5 years
Office equipment	5 years
Servers and computers (included in office equipment)	3 - 5 years
Improvement on leased premises	Primary lease period or three years whichever is earlier.

Assets individually costing less than or equal to ₹ 5000/- are fully depreciated in the year of acquisition. The Company has estimated a Nil residual value at the end of the useful life for all block of assets.

Depreciation is calculated on a pro-rata basis from the date of installation till the date the assets are sold or disposed.

Intangible assets are amortised over their estimated useful lives, not exceeding five years, on a straight line basis, commencing from the date the asset is available to the Company for its use.

1.9 Impairment

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

1.10 Investments

Investments that are readily realisable and intended to be held for not more than a year from the date of acquisition are classified as current investments. All other investments are classified as long-term investments. However, that part of long term investments which is expected to be realised within 12 months after the reporting date is also presented under 'current assets' as "current portion of long term investments".

Long-term investments (including current portion thereof) are carried at cost less any other-than-temporary diminution in value, determined separately for each individual investment.

Current investments are carried at the lower of cost and fair value. The comparison of cost and fair value is done separately in respect of each investment.

Any reduction in the carrying amount and any reversals of such reductions are charged or credited to the statement of profit and loss.

1.11 Repossessed assets

Repossessed assets are valued at net realisable value.

1.12 Employee benefits

a) Provident fund

Contributions paid / payable to the recognised provident fund, which is a defined contribution scheme, are charged to the statement of profit and loss.

b) Gratuity

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets, if any, is deducted.

The present value of the obligation under such defined benefit plan is determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the Balance Sheet date.

Actuarial gains and losses are recognised immediately in the statement of profit and loss.

c) Compensated absences

The employees of the Company are entitled to compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation based on the additional amount expected to be paid as a result of the unused entitlement that has accumulated at the Balance Sheet date. Expense on non-accumulating compensated absences is recognised in the period in which the absences occur.

d) Employee stock option schemes

The intrinsic value i.e. excess of fair value of shares, at the date of grant of options under the Employee Stock Option Scheme of the Company, over the exercise price is regarded as employee compensation. This is recognised on a straight line basis over the period over which the employees would become unconditionally entitled to apply for the shares.

1.13 Loan origination costs

Sourcing expenses, brokerage, commission, service provider incentives etc. paid for loan origination are charged to expense over the tenure of the loan.

1.14 Provision

A provision is recognised if, as a result of a past event, the Company has a present obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are recognised at the best estimate of the expenditure required to settle the

present obligation at the balance sheet date. The provisions are measured on an undiscounted basis.

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc. is recognised when it is probable that a liability has been incurred, and the amount can be estimated reliably.

1.15 Income taxes

Income-tax expense comprises current tax (i.e. amount of tax for the period determined in accordance with the income-tax law) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period). Income tax expense is recognised in profit or loss.

Current tax is measured at the amount expected to be paid to (recovered from) the taxation authorities, using the applicable tax rates and tax laws. Deferred tax is recognised in respect of timing differences between taxable income and accounting income i.e. differences that originate in one period and are capable of reversal in one or more subsequent periods. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognised only if there is a virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets are reviewed as at each balance sheet date and written down or written-up to reflect the amount that is reasonably/virtually certain (as the case may be) to be realised.

Minimum Alternative Tax ('MAT') under the provisions of the Income-tax Act, 1961 is recognised as current tax in the Statement of Profit and Loss. The credit available under the Act in respect of MAT paid is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as an asset is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

1.16 Contingent liabilities and contingent assets

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognised nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

1.17 Transactions in foreign currencies

Foreign currency denominated monetary assets and liabilities are translated at exchange rates in effect at the Balance Sheet date. The gains or losses resulting from such translations are included in the statement of profit and loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the

fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

Revenue, expense and cash-flow items denominated in foreign currencies are translated using the exchange rate in effect on the date of the transaction. Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled.

1.18 Borrowing cost

Interest on borrowing is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable on the borrowing.

1.19 Operating leases

Lease payments for assets taken on an operating lease are recognised as an expense in the statement of profit and loss on a straight line basis over the lease term.

1.20 Earnings per share

The basic earnings per share ('EPS') is computed by dividing the net profit after tax attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, net profit after tax attributable to the equity shareholders for the year and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. The diluted potential equity shares have been adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. the average market value of the outstanding shares).

In computing diluted earnings per share, only potential equity shares that are dilutive and that reduce profit / loss per share are included.

1.21 Cash and cash equivalents

Cash and cash equivalents comprise cash and cash on deposit with banks and corporations. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

1.22 Cash flow statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of non-cash nature, any deferrals, or accruals of past or future operating cash receipts or payments and item of expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

25 Employee stock option

During the previous year, the Company has granted certain stock options to its employees. The employee stock options granted entitle the employees to purchase equity shares at an exercise price either at INR 10/ per option or fair value at the date of the grant as determined by the Nomination and Compensation Committee at the date of grant. Options to employees are usually granted with a four-year ratable vesting. The options would need to be exercised within a 3 year period from the date of vesting. The vesting pattern is indicated below

	Vesting pattern
At the end of one year of service from grant date	20%
At the end of two years	20%
At the end of three years	30%
At the end of four years	30%

Share based payment expense

The expense recognised during the current year under the intrinsic value method:

	For the year ended 31 Mar 2015	For the year ended 31 Mar 2014
Share based payment expense:		
Total expense recognised in 'employee benefits'	171.00	2.80

Reconciliation of outstanding options:

The number and the weighted average exercise prices of share options under employee stock option plan are as follows:

As at 31st March, 2015	No. of options	Weighted average exercise price
Outstanding at beginning of the year	2,995,000	16.00
Granted during the year	-	-
Forfeited during the year	170,000	0.72
Exercised during the year	-	-
Expired during the year	-	-
Outstanding at 31 March 2015	2,825,000	15.28

The Company measures the compensation cost relating to the stock option using the intrinsic value method. The compensation cost is amortised over the vesting period of the stock option. The Company has accounted for the Employee stock options granted as per 'The Guidance Note on Employee Share Based Payments', issued by The Institute of Chartered Accountants of India. Accordingly, the Company has amortised an amount of ₹ 171.00 towards stock compensation expense for the year ended 31 March 2015 (₹ 2.80 for the year ended 31st March, 2014).

All amounts are in ₹ Lakhs

Had the compensation cost for the options been recognised based on the fair value at the date of grant in accordance with Black Scholes' model, the proforma amounts of the Company's net profit and earnings per share would have been as follows:

	For the year ended 31 Mar 2015	For the year ended 31 Mar 2014
Net profit as reported	11,156.37	8,118.70
Add: Employee compensation expense as per intrinsic value method	171.00	2.80
Less: Employee stock option compensation expense as per fair value	(206.70)	(3.41)
Adjusted proforma net profit after tax	11,120.67	8,118.09
Basic EPS per share as reported	2.99	2.47
Basic EPS per share as proforma	2.98	2.47

The assumption used in the computation of fair value of the grant:

Assumptions	Measurement
Expected volatility	0.00%
Expected dividends	0.00%
Risk-free interest rate (based on government bonds)	8.00%
Expected life	4 years
